Assistant Project Manager

Description

Assistant Project Manager / Building Surveyor Hertfordshire

Up to £40,000 plus mileage allowance, stakeholder pension and profit share

Our client is a privately owned and operated building surveying practice that offer a full suite of professional services to include, design, project management, building and quantity surveying.

Due to an exceptional demand for their services, they have a new position that would suit a versatile Building Surveyor who could fulfil a dual design/project management role. As a small business you will have the opportunity to get involved at the front end with design, planning and managing projects.

They have a wide client base, spanning the care sector, health, education and private/spec housing, working for contractors, developers and end clients alike. Candidates are likely to be from a Building Surveying, Design or Construction Management training, as a solid understanding of building regulations, general construction methodology and a proficiency of AutoCAD would be advantageous.

Our client promotes further education and personal development and it would be a great environment to establish a career and achieve professional accreditation (Chartership) should you wish to do so.

Please apply below or upload your CV in strict confidence through our website quoting the reference: Assistant Project Manager JP733.
