

CAD Technician

Description

CAD Technician sought to join a Specialist Sub-contractor in Southbank, London

Up to £37,500 per annum plus pension

An opportunity to work for a leading specialist sub-contractor operating throughout London and the South East.

Our client is well established in this specialist field and have gained an enviable reputation over the years as a leading name on major construction projects, both buildings and civils/infrastructure projects.

The role will be to join their in-house design team, in the production of detailed drawings in AutoCAD (both 2D & 3D).

Previous experience gained in the UK construction industry is essential, working for either an associated specialist contractor (facades, curtain walling, temporary works) or Structural Engineers.

Travel to sites will be required. Candidates must therefore already be living within a short commute of London.

If you are looking to develop your career within a friendly and busy environment then please [upload your CV](#) to Jamie Pearson quoting the job reference: JP645
