

Estimator

Description

Estimator required for a Privately Owned and Operated – Traditional Contractor with operations throughout Surrey and Hampshire

Up to £80,000 plus car generous car allowance, benefits & profit share

Our client is a traditional contracting business who are highly successful in the execution of projects in the £5m – £50million range, both new build and refurbishment of public and private sector buildings. They operate throughout Berkshire, Surrey and Hampshire and have a diverse client base to include education, health care, leisure and residential.

Their success record is impressive with a high percentage of work secured through negotiated and repeat business through framework, traditional and 2 stage D&B contracts.

You will have a formal surveying qualification or demonstrable experience gained in contracting and currently in a position where your achievements go unrecognised and efforts unrewarded. You are now seeking a new and stimulating challenge in a business that can offer you long term career prospects.

The rewards include a generous benefits package to include a car allowance of £7,500 per annum, private health cover and a company profit share scheme.

Please apply below or alternatively upload your CV in strict confidence through our website quoting the reference: Estimator JP680
