Construction Marketeer

Description

Marketeer – Business Developer – Construction – Hertfordshire

Up to £37,500 plus pension

Our client is a privately-owned construction business that operates across London and the Home Counties. They are looking for a Marketeer to work closely with the MD, assisting with general administrative of tenders, business development through their recently developed website, external advertising and social media. This role will be based out of their modern and well-appointed offices in Stevenage.

Applicants will need to have had some prior exposure in the Construction Industry, having worked in a general admin, bid or marketing role. You will be required to demonstrate an aptitude of both spoken and written English and be proficient with Microsoft based applications and social media campaigns to include Facebook advertising, re-advertising and PPC campaigns.

If you feel you would thrive in a small but busy and friendly environment, please apply in strict confidence quoting the reference: Construction Marketeer JP686
