

## Finishings Manager

### Description

**Finishings Manager / Clerk of Works**

**Up to £375 per day shift**

**Immediate Start for an 18 month fixed term contract**

Our client is an international developer, who are responsible for some of London's most prestigious buildings. They require a finishings manager to assist them with the completion of a new build residential development in the West End.

You will report to the Construction Director and be responsible for overseeing specialist finishing trades to facilitate a timely finish with minimal defects.

You will be from a trade (carpentry) background and will have previously fulfilled a similar role as a Finishings Manager on new build residential or hotel projects. Alternatively a Site Manager with a keen eye for detail, having worked for a specialist fit out contractor or package manager for a major contractor, having specifically worked on high end internal finishes.

Applicants must have a proven work history in the UK and be CSCS registered and hold current health and safety certification.

This is an 18month fixed term assignment, offering an immediate start.

Please apply in strict confidence to Jamie Pearson quoting the reference: Finishings Manager JP692
