Senior Project Manager

Description

Speyhawk Ltd is recruiting for a Senior Project Manager (Construction) for the fit-out of a landmark high-end residential project in London

Up to £450 per day

Acting as the clients Project Manager you will be responsible for overseeing the appointed Consultants, Contractors and specialist trades on the fit out of a flagship residential development in central London. You will have a strong technical background supported by a formal qualification in construction, ideally Construction Management or Architecturally trained, similarly you could be a Quantity Surveyor with proven Project Management experience.

Our client, is seeking a Senior Project Manager capable of dealing with all aspects of the development cycle to include design, budget appraisals, procurement and monitoring program. Whilst the role is predominantly office based you will still have a physical presence on site and attend/chair progress meetings as and when required.

Key Criteria for Client-Side Senior Project Manager:

- Development/Project Management experience gained with a consultancy or high-end developer
- Major Projects experience with delivery experience, in particular fit out of luxury residential projects (£10 million plus per unit)
- The ability to manage project teams effectively both internal and external
- Commercially astute with a keen eye for design and detail

Please [upload your CV](#) in strict confidence to Jamie Pearson, quoting reference: Senior Project Manager JP670
