Senior Quantity Surveyor

Description

Senior Quantity Surveyor | Commercial Manager | Construction Jobs| Building – London

Up to £450 per day shift – Project Based

This is an exciting and challenging opportunity with an international development organisation who are acting in a developer/contractor capacity on a series of major new build projects in London. The requirement is for an experienced Senior Quantity Surveyor / Commercial Manager who is prepared to commit to a longer term assignment.

You will be responsible for representing the client's interests, preparing cost plans, procurement and appointment of specialist subcontractors and the day-to-day commercial management on live projects to ensure they are delivered to budget.

You will be qualified to degree level (BSc Quantity Surveying) and likely to be from a traditional contracting background. The prerequisite is previous commercial management experience on new build projects in either the commercial, residential or hospitality sector, with values in excess of £25m.

This opportunity could potentially lead into a Commercial Director role within the group in the medium term and should be regarded as a stepping stone for a temp to perm arrangement longer term.

Our client has secured multiple sites and has ambitious growth plans in the UK.

Please upload your CV in strict confidence to Jamie Pearson quoting the reference: JP869
