Junior Estimator Construction

Description

Speyhawk are recruiting for a Junior Estimator Construction to join an exciting new start up in Hertfordshire

Up to £45,000 + Pension

Our client is a new and exciting name in the field of specialist contracting. They offer a turnkey, supply and installation service to Architects, Developers and end users alike. Working within London's high end residential and blue-chip commercial markets.

With a keen interest in their highly innovative product range, a new appointment has been created for a Junior Estimator to support their management team.

You could be from either a Surveying or Estimating background where you have been involved in the preparation of estimates and proposals for high quality works in the £50,000 to £1million value.

You will have already cut your teeth in the construction industry, working for a specialist contractor or general contractor and now looking to specialise. Previous experience within the cladding, architectural metal work, fit out or natural stone market would be a distinct advantage.

Your services are required to help fulfil the demand and in return you will be offered a defined career path, progression and the financial recognition a privately owned and operated business can offer.

Please [upload your CV](#) below in strict confidence quoting the reference: Junior Estimator JP1001
