### Estimator

#### Description

**Speyhawk Ltd are recruiting for a Junior Estimator for a Specialist Contractor in North London**

***Up to £45,000 + Pension***

This highly successful specialist contractor offers a supply and installation service to Architects, Developers and end users alike. Working within London's high end residential and blue-chip commercial markets.

Following a sustained increase in demand for their highly innovative product range, a new appointment has been created for a Junior Estimator to support their UK management team.

You could be from either a Surveying or Estimating background where you have been involved in the preparation of estimates and proposals for high quality works in the £50,000 to £1million price range.

You will already have gained valuable experience, working for a specialist contractor or minor works division of a general contractor and now looking to specialise. Previous experience within the cladding or natural stone market would be a distinct advantage.

Your services are urgently required to help fulfil the demand and in return you will be offered a defined career path and the financial recognition a privately owned and operated business can offer.

Please apply below or [upload your CV](#) in strict confidence through Speyhawk's website, quoting the reference: Junior Estimator JP800
