Junior Estimator Construction

Description

Speyhawk Ltd are recruiting for a Junior Estimator for an International Stone Specialist in London (North of the River)

Up to £45,000 + Pension

This highly successful specialist contractor offers a supply and installation package to Architects, Developers and end users alike. Working within London's super prime residential, high-end commercial and luxury hospitality markets.

Due to the rapid expansion of their business following an increased demand for their highly innovative product range, a new appointment has been created for a Junior Estimator to support their UK management team.

You will be from either a Surveying or Estimating background where you have been involved in the preparation of estimates and proposals for high quality fit out works in the £50,000 to £1million price range.

You will already have gained valuable experience, working for a specialist contractor or minor works division of a general contractor and now looking to specialise. Previous experience within the natural stone market would be a distinct advantage.

Your services are urgently required as they have a full order book well into 2020 and in return you will be offered defined career progression and recognition a privately owned and operated business can offer.

Please [upload your CV](#) in strict confidence, quoting the reference: Junior Estimator JP672
