Project Architect

Description

Project Architect – Landmark Project London

Speyhawk Ltd are recruiting for a Project Architect with Super Prime Residential or Hospitality led experience gained on major projects in the UK (RIBA Stages 5&6).

Up to £85,000 + 10% Bonus, Personal Travel (all rail fares) & Benefits

The field of design management within property development or real estate is both challenging and demanding and requires not only a strong understanding of the basic principles of construction methodology, but also a desire to produce a highly finished, quality product which fully meets the standards of discerning clients and end users alike.

Our client is a highly esteemed Development Management Consultancy with a reputation for delivering luxury high-end residences & hotels.

The award of a major building project in the heart of Central London has created this key position to act as the link pin between the client team, specialist contractors and client architect. It will involve all aspects of design on a live project.

We are looking for a practical, hands on Project Architect to expedite design changes, liaise with specialist subcontractors, whilst maintaining a seamless document flow and expedite the client's approval. Previous experience of luxury hotel or residential projects gained with a leading consultancy or design house in the UK is essential.

The remuneration figure shown above assumes a basic salary of up to £85,000, in addition a personal bonus of £8,000, personal travel, private health and pension contribution are offered.

Please apply below or [Upload your CV](#) in strict confidence through Speyhawk's website quoting the reference: Project Architect JP730
