Project Manager Construction

Description

Project Manager Construction – Fit Out – Client Side – Prime Residential London

Basic salary up to £80,000 + Benefits Package to include life cover

Acting as the clients Project Manager you will be responsible for overseeing the appointed Consultants, Contractors and specialist trades on a flagship residential development in central London. You will have a strong technical background supported by a formal qualification or time served career path in construction, ideally construction management or architecturally trained.

Our client, one of London's most prestigious developers are now seeking a Project Manager with a keen eye for detail. You could be from either a contracting or specialist contracting background, consultancy or currently working as a client representative.

You will have demonstrable experience gained on the fit out of luxury residences in the UK, multiple units, not individual houses. Our client is producing some of the finest finishes, so previous exposure on fitting out major residential projects that include book matched stone, bespoke metal work and joinery would be advantageous with project values in excess of £50million.

Key Criteria – Project Manager:

- Construction Project Management experience gained with a consultancy developer or contractor on high end fit out.
- Major Projects experience with front end delivery experience on Prime or Ultra Prime residential.
- Commercially astute with a keen eye for design and detail

The remuneration figure shown assumes a basic salary of up to £80,000, private health & pension contribution, life insurance and bonus incentive.

Please apply below or upload your CV in strict confidence through our website: quoting reference: Project Manager JP812
