Project Manager Construction

Description

Project Manager | Construction | Hotels | London

The Opportunity

Lead flagship luxury hotel developments across London, working as the developer contractor. Bring your expertise to life in London's premier settings.

Responsibilities

- Lead the delivery of new build and retrofit hotel projects with values between £50m – £200m
- Drive design, delivery, quality and health and safety on site
- Champion modern construction methods and CDM
- Build strong teams through confident communication & collaboration

Key Criteria

- Degree in Construction Management, Architecture, Engineering or Surveying
- UK experience, ideally with Tier 1 / 2 contractors as PM or Construction Manager
- Strong command of project planning & site organisation
