Senior Associate Quantity Surveyor

Description

Senior Associate Quantity Surveyor – Boutique Commercial & Project Management Consultancy – London

Up to £80,000 + Benefits & Profit Share Scheme

This appointment offers a rare opportunity to work for an independent business who recognise and reward personal achievement and promote from within. Due to an increased demand for their services they now have opening for a Senior Associate Quantity Surveyor to join their commercial team, operating across the public and private residential sector in London. This key role will be based in our clients modern and well-appointed offices in central London.

Working alongside the Commercial Director you will report to the board and have full autonomy over the entire construction process from pre-contract, feasibility through to close out.

It's likely you will be a **Chartered Quantity Surveyor MRICS/FRICS** with a Commercial Consultancy background, ideally with a proven track record in the profitable management of multi-unit residential projects in excess of £50 million in value, with demonstrable experience gained in the UK Construction Industry.

Please apply below or [upload your CV](#) in strict confidence through our website, quoting reference: JP630
