Senior Project Manager

Description

Senior Project Manager Construction | High End Residential London

Up to £425 per day shift or £93,000 plus a personal travel allowance, health and pension

Speyhawk Ltd is recruiting a Senior Project Manager (Construction) for the fit out of a landmark residential development in London. Our client is a Prestigious Development Management organisation, operating throughout London & Europe. The project is now at a stage where they require an ambitious Senior Project Manager from a Consultancy or Development background to assist the project delivery team, working on a rotational basis (days and nights).

Acting as the clients Senior Project Manager you will be responsible for overseeing the appointed Consultants, Contractors and specialist trades on the fit out of project in excess of £200million in value. You will have a strong technical background supported by a formal qualification in construction, ideally Construction Management or Architecturally trained.

Our client requires an individual capable of dealing with all aspects of the development cycle to include design, budget appraisals, procurement, monitoring program and delivery. The role will require a hands on approach, attending or chair progress meetings when required.

Key Criteria: –

- Development/Project Management experience gained with a leading consultancy or high-end developer
- Major Projects experience with delivery experience, in particular fit out of luxury residential projects, multiple units in excess of £10 million plus
- The ability to manage project teams effectively
- Commercially astute with a keen eye for design and detail

Please [upload your CV](#) in strict confidence to Jamie Pearson, quoting reference: Senior Project Manager JP732
