Senior Site Manager

Description

Speyhawk Ltd are recruiting for Senior Site Manager for high-end residential developments in London

Up to £80,000 per annum plus package

You must possess a good all-round knowledge of construction, either time served with a solid work history or degree qualified in Construction Management with a minimum of five years post graduate experience, along with a track record in the demanding field of high-end developments, working on bespoke commissions or low volume housing projects in the UK.

This is a rare opportunity to join a privately owned and operated development business who are looking to bring their operational management inhouse. As the Senior Site Manager you will be responsible for managing the coordination of appointed subcontractors and the delivery of projects throughout London and the commuter belt.

If you are capable of delivering a very high-quality product and looking to further yourself, then this could be an opportune time to join. In return you will be offered a defined career progression and exposure on some of London's most exclusive residences. This is a permanent position.

Key Criteria:

- 5+ years Site Management experience gained in the UK
- Large scale refurbishment and extensions to include basements
- High-end residential, bespoke/individual residences with fit out values in excess £10m
- Familiar with MS Project or PIM software

You will hold valid Health & Safety certification (CITB 5 day/SMSTS) and be CSCS registered to Site Manager level.

Please apply below or upload your CV in strict confidence through Speyhawk's website, quoting reference number: Senior Site Manager JP856
