Site Manager

Description

Working Site Manager | Construction | Fit Out
Up to £50,000 + Company vehicle & Benefits

(Potential to earn in excess of the above subject to overtime/additional hrs available).

You must possess a sound Construction background, having gained at least three years' Management experience in the fast-moving and demanding field of retail fit-out and refurbishment in the UK.

You are ambitious and now seeking a role where you receive positive acknowledgement from your employers, both in terms of career progression and financial reward for your efforts.

Our client is a long-established name, adopting traditional values and they have developed a "second to none" reputation for carrying out the highest quality of work, often working in live environments.

As part of their planned expansion they require a commercially minded working Site Manager to assist with the commercial and operational management of projects (project values typically £250,000 – £1.5million).

As a small privately owned and operated business they are looking for a proactive individual who has the ability to manage from the front but at the same time pick up where necessary.

In return, you will be offered defined career progression, as well as a highly competitive salary and benefits package which includes a company vehicle, pension scheme and eligible to a profit related bonus (discretionary based on company profitability).

You must hold current Health & Safety certificates (CITB 5 day/SMSTS).

Please upload your CV to Jamie Pearson quoting the reference: JP665
